PRESPA'S CODE КОДОТ НА ПРЕСПА

MK | Post-production | Documentary

In the region of lower Prespa, especially in the village of Nakolec, just as in the surrounding villages, there has been a tradition of organically created coexistence for decades, maybe centuries, based on mutual understanding and respect. The everyday life of the protagonists who live there and their mutual relations is actually a model which hides a certain code for unity and social coexistence among the people with different ethnic, religious and other profiles.

HEAVENS ABOVE ОД РАЈОТ

HEAVENS ABOVE is about a society that has forgotten about God but has not been forgotten by God. Three stories – weird, painful, and funny – intertwine to give an unconventional perspective on the transition period in a post-communist country. Miracles are the answer of the collective consciousness to the changes that force the whole community to look at the world around them, turned upside down, in a new light and a 'miraculous' perspective.

RS. MK | In production | Documentary

Most of the Bektashi-dervishes living in Kanatlar, a muddy tobacco-growing village in N. Macedonia, see Ayten as a motherly figure and she tries to offer them support and guidance as much as she does for her two children and four grandchildren. Her husband Erdogan is a dervish priest of the highest rank in their local temple. This hard-working couple shows how equality blooms where you would least expect it - in a rural community of Muslims devoted to religion, family and tradition in one of the poorest regions on the Balkans.
